January 10: Adaptive Gardening -

Gardening is a hobby you can enjoy your entire life, but as you grow older, some of the physical tasks required to manage your garden can become more strenuous and taxing on your body. Learn about ways you can alleviate or reduce some of the physical challenges that come with the territory, regardless of whether you suffer from arthritis, back pain or are confined to a wheelchair.

Dolty Tomalinas & Joan LeBeau

February 14: Herb Growing -

Learn to grow your own and enjoy the scents and tastes. Rose growing also covered.

Dolty Tomalinas, Pat & Ernie Chance

March 14: Orchid Repotting -

An expert will teach you how to extend the life and improve the health of your orchid plants.
